

E O S

Eos, the Greek goddess of dawn, opened the gates of heaven each morning allowing the sun to rise. Fiercely passionate, she was cursed by Aphrodite for having an affair with Ares. Her punishment was an insatiable appetite for young men. At Eos – the winery – we’re just as passionate as our namesake, but our insatiable appetite is focused toward the production of great wines. Since the mid-1980s, we have built our reputation on dense reds, complex whites and luscious dessert wines from great AVAs throughout the state.

VINTAGE

2016 produced average yields and high quality fruit. Few frost spells in winter and little to no rain led to an early bud break at the end of February. A very good fruit set in spring was followed by a warm summer that kept the vines roaring through veraison and maturation. We harvested the Sauvignon Blanc from August 25th - October 13th, 2016.

SANTA YNEZ VALLEY

Over the past two decades the Santa Ynez Valley has emerged as one of the most celebrated winegrowing regions in California. Formed by the Purisima Hills and San Rafael Mountains to the north and the Santa Ynez Mountains to the south, it is the largest AVA in Santa Barbara County. The cool, western portion of the Santa Ynez Valley is well suited to Chardonnay and Pinot Noir while the warmer eastern section is home to aromatic whites such as Viognier, Roussanne, Marsanne, and Sauvignon Blanc as well as bold reds including Syrah, Cabernet Sauvignon, Merlot, Cabernet Franc and Petit Verdot.

2016 SAUVIGNON BLANC

Our 2016 Santa Ynez Valley Sauvignon Blanc is a singularly gorgeous bottling. It opens with fragrant notes of citrus and guava followed by flavors of grapefruit pineapple. The palate has a refreshing, vibrant acidity accented by a touch of grassiness on the finish. This wine is effervescent, fruit-forward and crisp.

TECHNICAL DATA

APPELLATION: Santa Ynez Valley
COMPOSITION: 100% Sauvignon Blanc
COOPERAGE: 100% Stainless steel
ALCOHOL: 13.9%
TA AT BOTTLING: 6.5 g/L
PH: 3.28
PRODUCTION: 186 cases
