sustainable wine SAUVIGNON BLANC

WAIRAU VALLEY | MARLBOROUGH | NEW ZEALAND | 2022

We've been making wine with as much thought for our environment as wine excellence for over 30 years. We're carrying our enduring legacy of sustainability into the future - we're here for good.

OUR LEGACY OF SUSTAINABILITY

Built-in sustainability. Our bottles are made from lightweight recycled New Zealand glass, our caps are made in New Zealand, our labels are made from highly renewable sugarcane and our wine is bottled with the help of solar energy.

OUR VINEYARDS

The fruit for our Sauvignon Blanc was primarily harvested from Marlborough's lower Wairau vineyards, including our flagship vineyard, 17 Valley. Good soil and canopy management, cold nights during ripening, and a warm and dry summer kept all the concentrated flavours in the grapes which you can taste now in the wine.

2022 SAUVIGNON BLANC

A punchy and contemporary Sauvignon Blanc from the Wairau Valley, this wine has an intense and lifted bouquet of tropical fruits with an herbaceous edge. A juicy, vibrant palate is driven by a crisp, citrus acidity making for a long and elegant finish. Enjoy with barbequed seafood or a creamy pasta dish.

COMPOSITION: 100% Sauvignon Blanc

REGION: Wairau Valley, Marlborough, New Zealand

ALCOHOL: 12.0%

pH: 3.26

TA: 8.10 g/L
