ALCOHOL: 14.8% by volume

BOTTLING DATE: June 14, 2025

PRODUCTION: 380 cases

WINEMAKER

Alison Rodriguez

HERITAGE

MT. GEORGE (100%) – Located east of Napa in Coombsville, Mt. George Vineyard is the site of one of the first grape plantings in the valley in the 19th century. It climbs the western slopes of an ancient volcano whose name the vineyard bears.

SOILS + CLIMATE

The cooler climate and deep, gravelly soils derived from volcanic rock and ash of the ancient volcano whose name the vineyard now bears, provide depth and structure to Silverado Vineyards' wine.

VINTAGE

The winter of 2022-2023 saw record rainfall, ending years of drought conditions in Napa County and throughout the North Coast region. With below average temperatures in winter and spring, budbreak was significantly delayed. Continued cool weather through summer led to the harvest season beginning two weeks later than average which gave the grapes ample time to develop full flavors while maintaining vibrant acidity.

TASTING NOTES

The 2023 Mt. George Cabernet Franc presents an aromatic profile defined by bright, elevated red berries and a refreshing mineral quality, accented by spicy notes and a subtle hint of herb. The palate is equally expressive, featuring layers of black cherry and red cherry that transition into a slightly spicy floral character with touches of clove. A tangy acidity leads to decadent flavors of chocolate-covered cherries, culminating in a supple finish with impressive length.
