VINTAGE NOTES

The growing season of 2022 was a unique vintage for Washington. With cooler temperatures and an exceedingly wet spring, we started the growing season off with a three-week delay. Come summer, we had our usual temperatures but the month of October brought us a real surprise with spikes in warmer temperatures, which allowed the fruit to ripen without any frost pressure. We finished harvesting at the end of October.

WINEMAKER'S NOTES

This 2022 River's Red is a unique blend that showcases a menagerie of flavors including marionberry and red cherry. The palate is balanced with approachable tannins and a soft, pleasant finish. Whether dining alfresco or a night out on the town, this wine will pair perfectly with a wide variety of foods.
