

RICKSHAW

2022 SAUVIGNON BLANC

Rickshaw wines are easy to love: approachable but sophisticated, not overly stylized but really freakin’ good. We work with several vineyard growers in multiple appellations throughout California to provide consistent blends for each varietal that are true to character. We source our Sauvignon Blanc throughout Northern California, looking for parcels that deliver both great freshness and a sense of depth.

The 2022 growing season in the North Coast began with a dry winter and mild spring with limited rainfall, followed by ideal weather conditions through early summer. A heat wave began in late August that resulted in an accelerated harvest and below average crop sizes, yielding smaller berries with concentrated flavors. Overall, the 2022 vintage produced high quality wines with excellent concentration and flavor complexity.

In a word, crisp. In more words, the Rickshaw Sauvignon Blanc is floral, fruity, and fresh with some real depth to it, just like California Sauv Blanc should be. You’ll start craving it as soon as the sun starts shining. The 2022 Rickshaw Sauvignon Blanc is nothing short of vibrant, with a mix of ripe fruit and white floral aromatics. Flavors of grapefruit, honeydew melon, and lime zest dance together on the palate, leaving an energetic impression and a desire for another sip (or two).

TECHNICAL DETAILS

VARIETIES	97% Sauvignon Blanc, 3% Muscat		
APPELLATION	California		
AGING	100% Stainless steel fermented		
ALCOHOL:	13.5%	PH: 3.21	TA: 6.3 g/L
