17 months in oak

pH: 3.64 | TA: 6.1 g/L | RS: 0.266%

ALCOHOL: 14.5% by volume

WINEMAKER

Alison Rodriguez

HERITAGE

MT. GEORGE VINEYARD (65%) – Located east of Napa, Mt. George Vineyard is the site of one of the first grape plantings in the valley in the 19th century. Mt. George produces wines with intense fruit flavors, dark color, palate density, and classic structure.

SILVERADO VINEYARD (35%) – Silverado Vineyard is home to the name-sake winery. It was on this site that Harry See planted Cabernet Sauvignon in 1968 that UC Davis later designated the Disney-Silverado Heritage Clone.

SOILS + CLIMATE

The sloping, gravelly soils and sunny exposure of Silverado Vineyard pairs perfectly with western exposures to the late afternoon sun and Mt. George Vineyard's cooler climate and deep volcanic soils provide depth and structure to these wines.

VINTAGE

The 2021 vintage will be remembered for its high-quality, with intensely flavored, small-sized berries and a smooth harvest season. The season started off with very little rain, leading to the second year of dry conditions in Napa Valley, creating a more natural load on the vines, requiring less pruning and dropping of fruit. The resulting grapes produced an amazing vintage.

TASTING NOTES

Upon opening, concentrated aromas of blackberry and dark plum fill the nose. The palate is full-bodied with flavors of dark cherry, boysenberry, and a hint of tobacco. Well-balanced and structured with lingering notes of toasted oak on the long finish.
