HERITAGE

SILVERADO VINEYARD (100%) – In 1968, Silverado Vineyard became the fourth planted to Cabernet Sauvignon in the Stags Leap District. Over the next two decades, meticulous field selection created an entirely new clone of Cabernet Sauvignon. The University of California, Davis designated this unique vine the Disney-Silverado Heritage clone. It is one of only three Cabernet Sauvignons to attain Heritage status – and the only one from Stags Leap District. Each year, we honor this extraordinary clone with SOLO.

SOILS + CLIMATE

Silverado Vineyards' steep, shale soils and western exposures to the late afternoon sun come together to produce fruit with the character and structure for which the Stags Leap District came to be known.

VINTAGE

The 2021 vintage will be remembered for its high-quality, with intensely flavored, small-sized berries and a smooth harvest season. The season started off with very little rain, leading to the second year of dry conditions in Napa Valley, creating a more natural load on the vines, requiring less pruning and dropping of fruit. The resulting grapes produced an amazing vintage.

TASTING NOTES

SOLO is an elegant and refined Cabernet Sauvignon. Aromas and flavors of red cherry, pomegranate, pie crust, and vanilla are supported by ample tannins and bright acidity. This is an ageworthy wine capable of elevating any special occasion or meal and will continue to evolve for years to come.
